

Fredericksburg Office Partners with Friends of Spotsylvania County Sheriff's Office

Through Friday jeans donations the Fredericksburg office donated a total of \$1,300 to the Friends of the Spotsylvania County Sheriff's Office to support their summer youth camp initiative. The camps are provided free of charge to Spotsylvania County youth to promote a positive relationship with local law enforcement officers. Monies raised will go to adding six additional camps this summer, as well as providing free transportation to and from the activities.

“Community partnerships send a strong statement on how committed law enforcement and businesses are to the people they serve. We are honored to partner with Thalhimer and sincerely appreciate the generous donation to help fund our Summer Youth Sports Camps which will server over 1600 kids this year!”
