

## WE MADE EVEN MORE IMPACT!

Several Richmond associates adopted families through ASK Childhood Cancer Foundation's Holiday Program and provided gifts especially for that family.

- The accounting team formed a group and adopted a family of 5, inclusive of parents. Items bought included sweaters, sweat suits, jackets, gift cards, board games, beauty products, drawing materials, yarn and knitting needles.
- Jim Ashby and his wife Sally adopted a family of 5, inclusive of parents. They shopped for baby dolls, twisty pets, slime kits, arts and crafts, LOL dolls, hunting gear, and other items.
- Brian Berkey and his wife Laura adopted a family of 5, inclusive of parents. They shopped for Logitech wireless gaming mouse & gift card, Nintendo Switch games & membership, Costco gas card and Aldi gift card.

All had a fulfilling experience buying and wrapping presents for these families and making their holidays brighter!
