

## Greenville Associates Honor Duncan Chapel Fire Department

The Duncan Chapel Fire Department located in Greenville County provides fire protection, rescue and medical services to over 8,000 people in their area. In April of this year, the department lost their longtime local firefighter, Captain Billy Addis. Thalhimer's Greenville Office wanted to show their appreciation of the sacrifices made, that often go unnoticed, by bringing the station breakfast and coffee. Everyone enjoyed meeting each firefighter and getting to personally thank them for their service.
