

## Virginia Beach Associates Partner with ForKids in Q2

The Virginia Beach office raised \$250 for ForKids during the 2nd quarter of 2021 with monthly jean's day collections. Including the company match, they were able to present a check to ForKids for \$500. They also volunteered at the center on June 16th washing company vans and picking up trash on the site.

ForKids was established in May 1988 and their mission is to break the cycle of homelessness and poverty for families and children.

ForKids has grown to become one of the largest providers of homeless services to families in Virginia.
