

## Fredericksburg Associates Partner with Thurman Brisben Center during Third Quarter 2021

The Fredericksburg Team collected donations to provide much-needed assistance to The Thurman Brisben Center in Fredericksburg. The \$265 raised and the \$265 company match will go a long way in helping the center provide goods and services to those experiencing emergency and homeless situations in the area.

The Brisben Center is the largest full-service, year-round, residential emergency homeless center. They are dedicated to not only providing temporary shelter to those in need but also provide nutritious meals, mentoring, assistance with housing, employment coaching, health screenings, and much more.

*"The Fredericksburg office is pleased to provide funds to help the Thurman Brisben Center provide goods to those in emergency situations and combat homelessness in the community."*
