Work Experience

An honors graduate of Heriot-Watt University in Edinburgh, Scotland, Andy joined Thalhimer in April 2005. During this time he has focused on being committed to building his reputation as an Office specialist on the Peninsula. He provides value to Tenants by knowing the marketplace in great detail and providing excellent customer service.

Landlords appreciate his honesty, work ethic and his willingness to actively promote their properties and solicit new Tenants for their buildings with intensive cold calling and prospecting.
